APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,

and do hereby grant the same, subject to the following limitations and

This permit is issued subject to all existing rights on the
conditions: source and is limited to what the well will produce but not to
exceed 0.20 c.f.s. It is understood that the amount of water herein
granted is only a temporary allowance and that the final water right
obtained under this permit will be dependent upon the amount of water
actually placed to beneficial use. It is also understood that this right
must allow for a reasonable lowering of the static water level at
permittees well due to other ground water development in the area. A
substantial weir or other type of measuring device must be installed
and measurements of water use kept, and a method provided, either air
line or opening, for measuring depths to water. The State retains the
right to regulate the use of the water herein granted at any and all times.
The amount of water to be appropriated shall be limited to the amount

which can be applied to beneficial use, and not to exceed 0.20
cubic feet per second.
